

Jan Berreitter, son of Mr. and Mrs. J. Klopp, of Beach Grove Road, Antioch, was promoted to Warrant Officer in the U.S. Navy. Jan attended the Antioch High School where he played football and joined the Navy in 1956. He is shown here getting his new designation by a fellow officer and his wife, the former Viviane Bombolo of Paris, France, while his two children, Jean-Philippe, 5, and Martine, 4, look on. His next assignment is Guantanamo Bay, Cuba, where he will be in charge of installations and maintenance of satellite communications.

Picchetti To Head New Dept.

Gino B. Picchetti, Rt. 3, Box 53, Antioch, has been named director of the newly-formed Creative Merchandising Department of Foremost Liquor Stores.

Picchetti

dent, said the new unit will develop specialized materials for window, interior and point-of-sale displays for Foremost storeowners.

Additionally, the new department will be responsible for the development of new displays for Foremost storeowners.

Friday Is Last Day To Register

August 22 is the last day Lake County residents may register to vote in the September 23 primary election for delegates to the Illinois Constitutional Convention.

County Clerk Truman G. Gerstensen said those who are already registered can ignore the deadline unless they have moved since the last election. Persons who have a new address should contact one of the 80 deputy registrars or the voter's registration office in the County Administration Building. Those who will be out of the county on August 22 should contact one of the 80 deputy registrars or the voter's registration office in the County Administration Building.

Mobile Home Zoning Moratorium Approved

A sixty-day moratorium on zoning requests governing mobile home parks has been approved by the Lake County Board of Supervisors.

Action on the motion, proposed by Benton Township Supervisor Kenneth Henke, came at the Board's regular monthly meeting August 12.

In proposing the moratorium, Henke said he believes revisions are needed in the present county ordinance governing mobile home parks. He told fellow supervisors he wants the Zoning Board of Appeals and the Planning and Zoning Committee to review differences between the state and county ordinances, particularly as it relates to expansion projects.

Of the seven zoning matters brought before the Board on Tuesday one was approved, two were denied, two were deferred until the next meeting, one was

referred back to the Planning and Zoning Committee, and one was withdrawn.

Approved was a petition from Chicago Title & Trust Company to rezone property in Warren from commercial recreation (CR) to UR-3c. The petitioner proposed constructing 4 apartment buildings with five stories near Grandwood Park.

A controversial petition on establishment of a truck terminal on O'Plaine Road north of Route 120 in Warren Township was defeated by a vote of 18-16. Consolidated Freightways had sought a change in zoning from limited industrial to commercial service. Several property owners had filed formal objections and it would have taken a three-fourths vote of the board to override the objections. The matter has been pending.

Project Vietnam Donors

New donations have come in to the Antioch Post Office employees' "Project Vietnam."

The project is sponsored by postal employees to make sure that all servicemen overseas from the Antioch area periodically receive packages.

This enables the serviceman to know that he is at home and not forgotten there.

The new donors include: Dr. and Mrs. Jensen, Ted Smith, Sr., Ben Franklin Store, Mr. and Mrs. Felix Langhof, Rose Masopust, State Bank of Antioch, Mr. and Mrs. Bernie Stadick, Pat Wagner, Ann and Gilbert Dutton, Mr. and Mrs. John Harrison.

Roosevelt Establishes New Branch

Establishment of an Undergraduate Division of Roosevelt University to open Sept. 22 in Waukegan was announced by Rolf A. Weil, president.

Classes, which will be conducted at Waukegan Township High School, will represent a planned sequence of upper division courses leading to the degree of Bachelor of Science in Business Administration.

According to Frank Harrison, Winnetka, Professor of Management at the University and in charge of developing the Waukegan Division, since only junior and senior level courses are available, credits transferred from the College of Lake County, correspondence courses or completion of the College Examination program will be accepted.

"This program has the two-fold purpose of developing profes-

PM&L Open House Set For Sunday

P.H.&L. will present its annual Open House, Sunday, August 24 at 8:00 p.m. in the community room of the Antioch Savings & Loan. Colored slides of the Awards Dinner, Halloween party and various scenes from the past season's performances will be shown.

The romantic comedy "Red Carnations" will also be presented by the P.M. & L. players. Those who missed the past presentation have another opportunity to see this delightful comedy. Refreshments will be served. Be sure to reserve this date on your calendar - Sunday, Aug. 24, at 8:00 p.m.

Midnight Madness Draws 19

At least 19 Antioch merchants have indicated that they will participate in the "Midnight Madness" sale that has been scheduled for Aug. 25.

On that day all merchants participating will close from 6 p.m. to 8 p.m. in order to get ready for the super bargains they will offer to customers that visit the stores.

Individual merchants will offer special bargains to the night owls and sleepwalkers who make their appearances.

Those participating include: Pittman Pontiac; General Store; Town for Men and Boys; Hahn Jewelry; The Shoe Box; Antioch Discount Store; Stanley's; Barnstable's Department Store.

Gibbs & Jensen; Gilded Cage; Antioch Drugs; The Carousel; Stringer Motor Sales; Wilton Electric; Antioch V&S Hardware; Jayne's Dress Shoppe; Bernadette's; Teresi Chevy-Olds; and Ben Franklin.

VOL. LXXXIV. NUMBER 9

Antioch Village Board Okays \$176,000 Levy

The Antioch Village Board of Trustees Monday night approved a tax levy of \$176,000 for operation of the village government during fiscal 1969-70.

The levy provides \$82,750 for the general corporate fund and an additional \$93,250 for special purposes.

The largest levy in the general corporate fund is for the Street Department with an allotment of \$25,400. This is closely followed by the police department with \$17,550 and the public works department with \$13,600.

Others in the general fund include administration-\$4,550; accounts and finance-\$4,800; street lighting and traffic control signals-\$2,100; health services-\$100; legal department-\$2,450; parking meter operation-\$1,200; parks and playgrounds-\$2,900; off-street parking-\$3,500; village planning and zoning-\$2,600; general contingent fund-\$2,000.

Special levies include: Fire protection-\$21,250; Street and Bridge fund-\$20,000; Bonded indebtedness-\$27,000; Social Security contribution fund-\$8,000; Civil Defense fund-\$4,000; General Liability Insurance fund-\$2,000; Illinois Municipal Retirement fund-\$11,000.

In other action the board voted annexation of the Antioch Grade School "middle school" property on Rte. 173 west of Lorenz's Smart Country House in Smart's Manor Subdivision.

The board also approved plans with some revision-for the building of a new police station adjacent to the Village Hall and Fire Station. The new addition will follow the present aesthetic features of the building already there.

Plans and specifications for the new addition-brought about by the sale of the old police station across Main Street from the present Village Hall-are expected to be ready by this Sunday.

The board, therefore, voted to advertise for bids on the project to be opened on Sept. 15 at the

Priscilla Strahan, 398 First St., Antioch, attended the third of three week-long Allerton Federated Art Schools held July 27 through Aug. 2 at Allerton House, University of Illinois conference center near Monticello. The Federated Women's Clubs, which sponsor the session, furnish scholarships for selected high school artists from throughout Illinois.

Drugs Fatal To Girl

An investigation is continuing into the death of a 17-year-old Gages Lake girl who died as the result of an overdose of drugs at a party early last Sunday in a Lake Villa home.

Dead is Anita Marie Drag, daughter of Mr. and Mrs. Walter M. Drag, Rte. 45 and Gages Lake Road, Gages Lake.

Her companion, Kenneth Snyder, 18, of Gurnee, was treated at St. Therese Hospital, Waukegan.

The girl died shortly after 1 a.m. Sunday in the arms of Gurnee Pilm. Richard Henderson after she had been taken to the Gurnee police station by John L.

McClory Anti-Smut Law Filed

A bill to stem the flow of obscene and sexually provocative advertising through the mails has been introduced by Representative Robert McClory (R-Lake Bluff) in cooperation with a number of fellow Congressmen.

The bill would acquire a peddler of smut to get permission of a prospective customer before sending him advertising of a sexually provocative nature.

Pointing out that many plans have been suggested for curbing the recent rash of pornographic-type advertising, Congressman McClory said the plans are either of dubious constitutionality or dubious effectiveness. "Our present law on the mailing of sex-oriented advertising isn't getting the job done," he said.

"Hundreds of my constituents have been offended by the filthy, degrading, crude advertisements which have come, uninvited, to their homes or offices," the Congressman said. "Presently, they may notify the postmaster that they will not accept any more mail from that particular advertiser. In the meantime, however, they may find themselves on other mailing lists."

Our new bill, on the other hand, (Continued on page two)

CLC Offers Training

The technical training programs previously offered at Waukegan Township High School will be conducted effective this fall by the College of Lake County. The College will assume the programs in Chemical Technology, Electron-

ics, General Engineering and Data Processing, and offer classes on the CLC campus on Washington Street east of Grayslake. James Seltz, Assistant Dean for Career Programs, indicates that CLC is hopeful of offering a sufficient variety of courses in the evening this fall to enable students who previously attended the Waukegan program to continue their studies without interruption.

Antioch 4-Hers Win Honors

Twenty-four Lake County 4-H'ers, who had won top honors at the Lake County Fair represented their clubs at the Illinois State Fair where they competed with top winners from the entire state.

Judy Hevredjs, of Antioch, was a top scorer chosen from 16 state representatives in the Master of Ceremonies contest.

She was one of five MC's who introduced various acts of the 4-H Share-the-Fun Contest.

Tim Will, of Lake Villa, received an A rating for his demonstration of making a letter holder.

Sylvia Meuter, of Antioch, received an A rating for a lined red work cape and dress under the

Seltz further requested that students who wish to continue their studies without interruption.

"We need to determine which courses to offer at the College and to verify individual enrollment and needs in these programs. Therefore, we are requesting that former students have a transcript of work completed in Waukegan's program sent to the College as soon as possible."

Seltz further requested that students who wish to continue their

Keep Them In School

School will open next month.

And more than ever, this country needs trained, educated people to continue the progress America has made.

Much of the poverty and unemployment that exists today is directly related to the lack of education and preparation by previous generations.

Drop-outs in high school is a continuing problem and if it continues by 1975 there will be 32 million adults in the labor force of this country without a high school education.

This newspaper supports the efforts being made to keep our youth in school and help them from becoming future victims of deprivation and poverty.

But it takes more than our support. It needs the support of every citizen.

Youngsters who have already dropped out of school need special help. They need to be counseled and guided into training that will help them develop skills for today's jobs.

Others on the verge of leaving school before completing their education is many times guided by the need for money to help support their families.

Business can aid in keeping them in school by supplying part time jobs.

Our continuing job is to see that our leaders of tomorrow are educated today.

Good Show—Guv

Governor Richard Ogilvie is beginning to show that he has his finger on all functions of the state.

This has particularly come to the front in the past few days with the investigation of the operation of the Illinois State Fair.

Ogilvie has said that the two-month probe has shown that the state may have been bilked out of a half million dollars a year for several years.

And, while the name of the culprit has not been disclosed, Ogilvie has said that a key figure involved is an elected official.

While we agree with the governor that the probe should continue, we fail to see why he is keeping the name of the elected official a secret.

It would seem to us that after two months of probing—questioning of witnesses and the like—there is little sense in not disclosing the name of the man involved.

We are certain that with all of the talk going around the culprit knows that he is being probed.

Ogilvie said that such things as under-the-counter payments for concession spaces; juggling of reports and books to conceal money due from concession contracts; diversion and waste of maintenance funds, and many other phases are under investigation.

We hope that everything will come into the open—and not be whitewashed.

Under Richard Ogilvie we don't think that it will.

Go to it governor.

Your Congressman Reports...

By Cong. Robert McClory

The 91st Congress—which has been slow to act on many issues—may distinguish itself as the Congress which enacted Tax Reform. Indeed, the Tax Reform Act of 1969 (H.R. 13270) already has passed the U.S. House of Representatives by a 10-sided vote of 394 to 30. However, before becoming effective, the bill must be acted upon by the Senate.

The House bill, which covers 27 separate areas of the Internal Revenue Code, is aimed at closing a dozen or more tax loopholes, and seeks to eliminate numerous inequities which have developed under the existing law.

The most reassuring aspect of the Tax Reform bill is the general reduction in individual income taxes ranging from a 5 per cent cut for large taxpayers to a 64 percent windfall for taxpayers with annual incomes of less than \$3,000. In fact, more than 5 million taxpayers with small incomes will be relieved of all tax liability.

The generous oil depletion allowance in the Internal Revenue Code has been a "sacred cow" for many years. Now, at long last this allowance is being rolled back from 27½ per cent to 20 per cent.

Private foundations will be taxed under the House Bill at a rate of 7½ per cent. In addition, new restrictions will prevent self-dealing and will forbid control of private corporations through the device of foundations. Also the measure will prevent the application of funds for political activities.

The tax reform measure may hit hard at a number of "gentlemen farmers" who are in the habit of deducting their farm losses from their non-farm income. Under the House bill when farm losses total more than \$25,000 and income from other sources exceeds \$50,000, only the \$25,000 figure may be deducted in full. Indeed, where there is no expectation of gain, the entire "hobby farm loss" will be disallowed.

The existing 25 per cent rate limit for capital gains is replaced by a provision that one-half of the gain shall be taxed at the taxpayer's regular rate. In addition, the holding period is extended from six months to one year.

The most controversial part of the tax reform bill is the provision subjecting state and municipal bond interest to taxation. The House bill—with its language granting Federal subsidies (to compensate for the income tax liability)—is both complex and highly unpopular with state and local officials. The outcome of this part of the Tax Reform bill will not be known until the Senate takes action on the measure.

Many areas not covered in this report will be scrutinized closely by taxpayers, tax lawyers, accountants and others. The overall effect of the tax reform plan is to grant relief to individual taxpayers large and small—and to shift additional tax burdens to corporate taxpayers.

From all appearances the Congress, prodded by the Administration, will act favorably on the bill—with tax reform the major accomplishment of the 91st Congress—probably.

McClory Anti-Smut

(Continued from page one) says that these peddlers must first ask permission of the prospective customer in a form letter which contains no pictures and no lurid language.

"Having gotten permission, the seller may send as much advertising as he pleases. Without permission, he risks a penitentiary sentence if he puts the offensive material into the mail.

"Most states already prohibit the sending of pornographic advertising to minors. A section of the bill would aid in enforcement of those laws.

"In the long run, this may be the best way to fight the battle of pornography. By the enactment of this bill, we would protect our young people and at the same time rely on the mature judgment of our adult citizens to decide the issue of obscenity for themselves. Those adults who are interested, are not deterred, but the vast majority of Americans will no longer be faced with unsorted smut."

Mobile Home...

(Continued from page one)

ing for several months. Also turned down was a petition from Gerhard and Kruger to rezone land in Lake Villa Township from UR-2 to CR.

Taken off the agenda was a petition from Palatine National Bank as trustee to rezone from SR to IIC property located in Libertyville Township.

Supervisors have approved transfer of \$1,000,000 from the county general corporate fund to the County Home construction account. The emergency appropriation will cover initial financing of the \$2,063,000 project. County Finance Director Robert L. Morrison was appointed controller of the account.

In other action, the County Board approved the bid of Henry and Estelle Seinkiewicz of Des Plaines on 11.07 acres of land which was part of a county-owned Nike site in Elia Township. Sale price was \$67,538 or about \$6,139 per acre. The county had set a minimum of \$5,000 per acre when the property was advertised for sale.

Assistant Supervisor Roland J. Sandee of Waukegan said the bid price on the property points up the necessity for the Forest Preserve District to accelerate its land acquisition program in light of soaring land prices.

The Board authorized an emergency appropriation of \$150,000 to cover expenses connected with the upcoming primary and general election of delegates to the State convention. Costs for operating all 231 precincts on both September 23 and November 18 will be reimbursed by the State.

Picchetti To...

Edison Files Increase

Commonwealth Edison Co. Friday filed revised rate schedules with the Illinois Commerce Commission in an application for a general rate increase that would affect substantially all of the electric company's 2½ million customers.

The proposed increase of approximately 6.1 per cent would produce additional revenues estimated at about \$3,750,000 a month. The net gain to the company would be only about \$1,600,000 a month, due to federal and state income taxes and other tax obligations.

In announcing today's application, J. Harris Ward, Commonwealth Edison chairman, pointed out that even with the increase, the company's residential customers will be paying less per kilowatt-hour of electricity than they did 10 years ago.

In most localities served by the company, increases for residential customers would generally range from about 50 cents a month for 300 kilowatt-hours of

use of about \$1 a month for 600 kilowatt-hours of use. Residential space heating customers would be subject to the higher charges for general household uses of electricity, but would continue to get heating energy at the present low rate of 1.10 cents per kilowatt-hour.

There also would be no increase in the charge for light bulb service which costs customers a maximum of .17 cents a month and provides light bulb replacements for household needs on a continuing basis.

The effective date of the revised rates is dependent upon action by the Illinois Commerce Commission.

Ward, who announced the proposed increase three weeks ago, stated again today that the company has been forced to seek rate relief to offset continuously rising costs. "Commonwealth Edison has had no general increase in the price of electricity in 11 years and over the past seven years the average cost per kilowatt-hour of electricity to our residential customers has gone down more than 13 per cent," he said.

"Now, however, our efforts to keep electricity prices going down have been overridden by rising construction and interest costs, higher taxes and wages and the inflated prices we have to pay for

Ignore Pre-printed Cards If Car Sold

SPRINGFIELD, Ill.—Passenger car owners who traded cars in the last 12 months but received pre-printed 1970 license applications showing the cars they traded in should disregard the pre-printed applications and obtain blank applications to register their current cars for 1970, Secretary of State Paul Powell advised today.

As the computer system being installed in the Automobile Division makes additional adjustments possible, the pre-printed applications will show the currently-owned cars, except for trade-ins made late in the licensing period, but at present they show only the cars originally registered for this year, Mr. Powell said.

He asked passenger car owners in this type of situation not to attempt to correct the pre-printed application to show the present car, but simply to obtain a blank application and fill it in the same as they did before the pre-printed application service was started.

Blank applications, known as field applications, will be available about Sept. 1 at automobile dealers, currency exchanges, notaries public, bank and newspaper public service offices and similar outlets, Secretary Powell said.

materials and services we need to maintain reliable electric service to customers.

"The moderate rate increase we are seeking is urgently needed to preserve our ability to attract capital at a time when our requirements for new construction funds are the greatest in our history."

Ward said that the Commonwealth Edison construction program for the five-year period, 1969 through 1973, now calls for an estimated expenditure of \$1.7 billion, principally for new generating, transmission and distribution facilities. Last month, he also noted, the company paid a net cost of 7.8 per cent in borrowing \$100 million to apply toward the construction program.

I Heard Somewhere

That most marriages are happy, it's the living together afterwards that causes the trouble.

That a camel looks like a horse designed by a committee.

That an optimist is a 90-year-old bridegroom who buys a home near a school.

That an oldtimer is one who remembers when both the telephone and the automobile had to be cranked.

Before you get that sinking feeling...

Get a State Farm Boatowners Policy. Most complete coverage you can buy. Low, low State Farm rates. Call me.

AT THE

LAKE AND SPAFFORD STREETS

"Serving The Lakes Region Since 1894"

Mrs. Noreen Coulman, of McHenry, demonstrates a new computerized information system which began serving nearly 50,000 Commonwealth Edison Company customers this month.

Computerized Information System Begins

A new computerized information system began serving nearly 50,000 customers in Commonwealth Edison Company's Crystal Lake area this month.

The announcement was made by Les Milligan, vice-president of the utility's Northern division, who said the new system will result in instant answers for dozens of typical customer inquiries and speed up processing of service requests. Edison's Crystal Lake area headquarters serves 30 neighboring communities.

In effect, the system lets the "computer do the walking" through thousands of customer records which are stored electronically in its memory cells. The heart of the system is an IBM 360-65 data processing unit that can perform about 400,000 computations per second. The computer can retrieve any one of the 50,000 customer records from its memory cells in about a half-second.

To tell the computer which record to pull out of its memory, a customer service representative uses a terminal with a standard typewriter keyboard. The terminal is connected by phone lines to the computer. When an account number or home address is typed on the keyboard, the computer retrieves the desired record and flashes the data on a television-like screen—all in about three seconds. There are 5 such terminals in Edison's Crystal Lake area headquarters.

"Since the system went into operation, customers have been pleased with the quick responses they get to questions," Milligan said. "We're now able to easily locate a customer's service record and enter changes or requests while he's still talking to us on the phone."

Service turn ons and turn offs, bill processing and service requests can be speedily attended to with the new system.

By fall the utility expects to have the system functioning throughout its service area. At that time up-to-the-minute records on nearly 2½ million Edison customers and data on rates, operating costs, transformer loadings and the like, will be maintained by the computer. In all, about three billion characters of information will be stored in the computer's memory cells.

Hoogasian Named DA Director

State's Attorney Jack Hoogasian has been elected Illinois representative on the board of directors of the National District Attorneys' Association. For the past nine years, while an assistant state's attorney in Lake County, Hoogasian served on the board as representative of assistant prosecutors. He is also a member of the executive and education committees of the Illinois States' Attorneys Association.

At the national convention, held in Philadelphia last week, the district attorneys discussed campus disorders, riots, minimum standards governing prosecutors and defense counsel, criminal law and decent rulings on obscenity and pornography.

Hoogasian recently led a series of raids in Lake County in which hundreds of pornographic magazines were confiscated and four arrests made.

Championship Cat Show Set Aug. 30

The Windy City Cat Fanciers annual championship cat show will be held at Ford City, 7600 S. Cicero Ave., Chicago, Aug. 30 and 31 beginning at 10 a.m.

Over 300 purebred cats and kittens from throughout the world will compete for trophies and awards.

Drugs Fatal...

(Continued from page one) Stephens, 21, and his brother, James, 18, both of Sand Lake Road, Box 613, Lake Villa, where the party is alleged to have taken place.

A third youth who took the drug, Richard Stice, 20, of Wadsworth, has recovered.

Stice told police that James Stephens sold the drug, which Stice said was Desoxyn, in powdered form, for \$15.

All three allegedly took the drug at the party, although Snyder said he really didn't know what happened when interviewed and said he suspected their drinks had been "spiked."

James Stephens has been charged with selling the drug to Miss Drag and Snyder. More arrests are expected to be made.

Sheriff's deputies said the drug was a methemphelamine. They said the container, which held five grams, was empty when they recovered it.

A warning on the label said it was a new drug for investigational use only in laboratory research animals and not for use in humans.

Sheriff's deputies said the amount of drugs taken by Stice, Snyder and Miss Drag, in powder form, was equivalent to nine tablets.

2 Zoning Hearings Set For September 8

Two zoning hearings have been set for Sept. 8 by the Antioch Zoning Board of Appeals.

The first hearing will be held at 7:30 p.m. in the Village Hall and is a petition by Alvin C. Nelson and his wife, Margaret, to rezone from R-4 to B-3 property at 575 Drom Court to make conforming a business already in operation.

The second hearing is at 8 p.m. and is a petition by Frank Rhode, Jr., to rezone from B-1 to R-5 property at 427 Orchard St. to construct an 8 to 9 unit apartment building.

Call 395-4111 to place a Society or News Item.

Fox River Grove To Celebrate

Fox River Grove, located 40 miles from Chicago, is celebrating its 50th anniversary. Fox River Grove is famous for Norge Ski Club and Bettendorf's Castle. The Grove was incorporated as a village on August 21, 1919 and was the ninth village to be incorporated in McHenry County.

Fox River Grove is planning four festive days of activities. There will be a carnival during the entire four days—August 21, 22, 23, and 24.

Friday evening there will be a kickoff dinner at the Lions Hall on Rt. 14, sponsored by Ceseda Beseda, a Bohemian organization.

The new Miss Fox River Grove will be chosen and crowned at this time and will reign throughout the event.

Mrs. Ann McIlrath is chairman of writing the history book and supplement to the history book of Fox River Grove. This book will be on sale.

Mrs. Marilyn Thurow and committee are composing a recipe book for "Grove Golden Days." They have collected recipes from some of the ladies in the Grove.

"The Fakers," a local musical group, will entertain the crowds with some good old time music on Friday and Sunday.

Saturday, the library will hold two contests for the children: first contest is to make a mobile with the theme of the "Golden Days." A poem to Fox River Grove "Golden Days" is the subject of the second contest.

Saturday night, the famous "Frankie Yankovic" and his polka band will play for a dance at the Lions Hall.

"Battle of the Bands," for teens, will be held Saturday evening at the Big F parking lot.

On Sunday a parade, beginning at 3:00 p.m., will start the activities to rihad day. A beard judging contest with prizes given. Jerry Spooner will call square dancing (open to the public). And there will be an ice cream social sponsored by the Women's Civic League.

An income limitation applies to a widow if the VA death pension is for a wartime veteran who dies of a condition not attributable to service.

Donations To Rescue Squad

Alma and Marge Goddard, in memory of Walter Goddard. Mr. and Mrs. Lloyd Murrie, Antioch Twp. Republican Men's Club, in memory of John Schaffer.

Selective Service Questions

Set out below are questions frequently asked of the Selective Service System along with appropriate answers:

Q: My son is classified III-A by his local board. He has now advised me that next week he will volunteer for induction. Is this possible?

A: He may volunteer, but the local board cannot process him for induction unless he is in Class I-A or I-A-O.

Q: I was a Reservist on active duty, but discharged for the convenience of the Government after serving 5 months and 10 days. What is my status with the Selective Service System?

A: Since you did not complete six months of active duty, you do not qualify for Class IV-A (one who has completed service). Unless your local board determines you are eligible for a deferred classification, you will probably be classified in Class I-A.

Q: I am presently teaching school and have a II-A occupational deferment. Now that I am 26 years of age I would like to know how I might be classified if I change my occupation from teaching to sales?

A: If you quit teaching and therefore the reason for your II-A deferment no longer exists, your local board will reopen and consider your classification anew. The new classification given to you will be based upon written information then before the board. Your liability for service was extended to age 35 when you have a bearing on your classification.

Project Vietnam...

(Continued from page one) Mr. and Mrs. Edwin Olsen Mr. and Mrs. Glenn Fox Mr. and Mrs. Richard Ohlgren Mr. and Mrs. Fred Oschmann Mr. and Mrs. Robert Hart Adeline Bywell E. Sindler Mrs. Corbin Joan Zubor Laura Swanson Ben Noble

Mr. and Mrs. Walter Henning Mr. and Mrs. Ed Kugle Eugene and Agnes Simonsen Veri Randall Jim Koemoud.

A young man from the hill country was being given his Army induction physical. As he concluded the test, the doctor asked: "Do you have any scars?" "I reckon as how I ain't, Doc," replied the hillbilly. "But ifen I could get mah clothes, I could let you have a cigarette."

Natural Resource Survey

Lake County's Regional Planning Commission has been authorized by the Board of Supervisors to spend up to \$15,000 for a natural resources survey. The study is to be completed over a period of one year.

Some supervisors questioned the value of such a survey in terms of the cost involved. Norman Drummond, director of the planning commission, said the study will cover all natural resources not presently classified but will not duplicate available material. He said results of the survey will be the basis for recommendations to the Board on updating the county's comprehensive plan.

Supervisor Clarence Pontius, chairman of the Planning and Zoning Committee, told Board members the survey will prove valuable to potential developers and should indicate the county's maximum population based upon natural resources available.

The names of John L. Schmidt of Vernon Township and James J. Perry of Lake Forest were submitted as appointees to the Regional Planning Commission but action on the appointments was deferred to the September meeting.

Antioch Village...

(Continued from page one) Village Board meeting.

In other action the board voted to go on record as not opposing the rezoning of five lots on Rte. 83—the subject that is being taken up by the Lake County Zoning Board of Appeals.

The action was taken following a reading of a letter from the Antioch Planning Commission expressing approval of the rezoning proposed.

The board also released the check to the firm which painted the water tower after it was assured that several residents, who suffered paint damage to their vehicles, were covered by insurance provided by the firm.

The board, because of Labor Day falling on Sept. 1, will hold its first September meeting on Tuesday, Sept. 2.

(Continued from page one) sional skill in the techniques of managing, problem solving and decision making, as well as understanding the social responsibility of business and industry," Harrison said.

Practical courses which meet specific needs of managers and administrators are included in the program and may be taken by special students who do not seek a degree.

The classes, scheduled Monday and Wednesday evenings, encompass accounting, finance, manage-

ment, personnel administration, advertising and marketing.

Faculty members include Jerome Ellis, Associate Professor of Accounting and Director of the Division; Edwin Gross, Glencoe, Associate Professor of Marketing; Henry Dettenmayer, Lake Forest, who will teach Management; and Herschel Lewis, Highland Park, who will conduct courses in Advertising.

Additional information is available from Waukegan Township Adult Evening School, DE 6-4601, or Roosevelt University, 430 South Michigan Avenue, Chicago 60605, WA 2-3580.

Mr. and Mrs. Raditz

Barbara Peckous Wed In Antioch Ceremony

Miss Barbara Peckous of Antioch became the bride on Aug. 9 of Thomas Raditz, of Salem, Wis., in 4 p.m. ceremonies in the Antioch Evangelical Lutheran Church.

The bride is the daughter of Mr. and Mrs. George Swatos of Round Lake, and the groom is the son of Mr. and Mrs. M. Raditz of Salem.

The young bride, who was a student at Antioch High School in 1965, chose a gown of white tulle and carried a bouquet of red roses.

She was attended by a cousin,

Patricia Stay, of Round Lake, her maid of honor, who chose a pink tulle gown and carried pink roses.

Best man was Jimmy Jensen, the best friend of the groom. A reception for 125 was held at Patsy's Lounge, Channel Lake, following the ceremonies.

The young couple is at home in Antioch following a honeymoon trip to the Wisconsin Dells.

The groom is employed as a draftsman at Barco Co., while the bride is employed at International Register.

By Lillian Birdsell

Robert C. Matthews was elected as the trustee for a one year term, defeating Peter Matteoni, at the election and meeting that was held at the Antioch Moose Home, Wednesday evening, Aug. 13. Matthews, who previously held the chair of assistant sergeant-at-arms, will assume his new responsibility as of Wednesday, August 27. Many of the Antioch residents know Matthews very well for he is also on the Antioch police force.

Ronald Serwa, one of the members-getters of the lodge, was appointed by governor Jerry Kusi to fill the chair as outer guard for the year. Serwa will take over his new responsibility at the next regular scheduled meeting of Wednesday, August 27. This is the same night when all Loyal Order members of the Antioch Moose, who are celebrating their birthdays in the month of August, will be honored with a dinner served special for the birthday brothers. All other members are also invited to attend the dinner which will be served following the meeting.

The Third District Traveling Bowling League will start their first bowling session on Sunday, Sept. 7. There will be twelve teams this year and once again, Antioch will have two of them. Other lodges that will take part are, Harvard, Fox Lake, McHenry, Waukegan, Zion-Benton and Woodstock. There is always a lot of action when the bowling leagues get started and if any of the members would like to participate, they can give their names to the governor who will place them on the list.

The Red Seal Campaign will close following the enrollment which will be scheduled for the month of September. This means that all members who are sponsoring candidates have only August and September to qualify for the Red Seal Campaign. The enrollment of August is set for Saturday evening, August 23. On this evening the Sophisticated Kats band will furnish the music for dancing and the Women of the Moose will prepare a smorgasbord for all the attending members.

Many of the members had complaints for the governor last week when prices on the fish dinners were raised and also in the club room. The cost of living has gone up all over and nowadays, you get nothing for nothing and pay double for everything else. Don't complain, just remember that the dinners at the Moose are still far cheaper than you can prepare yourself. This is personally speaking, of course.

The Antioch Moose Hunt Club will hold their meeting at the Moose Home on Tuesday evening, Aug. 26. President Mike Miller would like to remind the members that the Benefit Project is set for the month of October and there is still a lot of planning that should take place, and he would like to see a good turn out at the meeting. Notifications will be sent to all the members

Women Preparing For "Jubilee Bee"

Over a thousand women of the Lake Bluff/Chicago Homes for Children Women's Auxiliary, from the Wisconsin border to the Indiana state line and from Lake Michigan to the Mississippi River, are busily engaged in final preparations for a "Jubilee Bee" to be held at the Hawthorn-Melody Farm in Libertyville, on Saturday, September 13th, from 10 a.m. to 5:00 p.m.

For 75 years the Lake Bluff/Chicago Homes for Children has served the needs of children without regard to race, color or creed, and the theme of this anniversary year is "an adequate, permanent home for every child—an adequate, permanent family for every child."

Local leaders deeply involved in this fund-raising event for the support of the child-care program of the Home are: Mrs. Harold Knutsen of Antioch, and Mrs. Edna Ruck of Lake Villa. Mrs. Louis Cernetic of Morton Grove is general chairman, and Mrs. Edwin J. Kroeger of Glenview is auxiliary president.

The "Jubilee Bee" will be a time for family fun and enrichment and is planned around the theme of bees. Under three tents set up on the grounds of Hawthorn-Melody Farm, there will be beehives of baked goods (over 2500 various items, plus 500 lbs. of peanut brittle), games, toys, white elephants and over 50 local artists will be exhibiting, demonstrating and selling their crafts. There will be clowns and balloons; delicious home-made sandwiches and hot dogs for sale; and a hive of live bees will be on display with an apiarist to explain the work of the bees.

Artists and hobbyists will be displaying and selling handcrafted candles; wood carvings; origami; rock jewelry; cut-out coin jewelry; semi-precious jewelry; pinatas; metal sculpture; decoupage; ceramics; tile painting; rug hooking and dyeing; stained glass work; glass blowing; plastic, purlap, metal and paper flowers and ornaments; civil war cannons; needlework; and paintings and wall hangings.

"The Second Time Around Thrift and Gift Shop", a re-sale shop operated by the Service League of the Home, will feature new, hand-knit goods and custom-made hats and purses, as well as a representative sampling of the

items on sale at their shop on Milwaukee Avenue in Wheeling. Founded in 1894, the Home was first known as the Methodist Deaconess Orphanage. The name was then changed to Lake Bluff Orphanage, and then to Lake Bluff Children's Home. Due to the expanded services now being offered by the Home, the name has been changed to Lake Bluff/Chicago Homes for Children.

The Home first established in Lake Bluff is now moving into the City, and the group homes in Zion, North Chicago and Wilmette are being replaced by group homes in the Rogers Park-Edgewater area.

The Home is a multi-service organization, providing adoption service, group home care, foster home care, an unwed mothers program, and counseling and family therapy. It is a member of the Child Welfare League of America, Child Care Association of America, Child Care Association of Illinois, Welfare Council of Metropolitan Chicago, and the Board of Health and Welfare, Ministries of the Northern Illinois Conference of the United Methodist Church. It is a community fund agency and approved by the Chicago Association of Commerce and Industry. It is licensed by the Department of Children and Family Service.

Featured hourly during the day, will be the emergence of a "Jubilee Bee" from a huge beehive pinata which sets the theme for the day's celebration.

Admission is free.

Maddens Return From Arkansas Trip

Dr. and Mrs. L. V. Madden returned Aug. 14th from a two week vacation at the Vast, Majestic Hotel in Hot Springs, Arkansas.

Through the kindness of Mrs. Elaine K. Kehol, a former Grayslake resident, they spent one day on Hamilton Lake on her party barge, drove to Little Rock where they took pictures sitting in Gov. Rockefeller's chair while wearing his hat, drove to Petit Jean Mountain to see his huge estate, dined in most of the in places and fell in love with the Ouchita Mts. (Wash-la) while they drove along the winding roadways.

Revival Services

Revival services at Calvary Baptist Church, 554 Parkway Avenue, Antioch, will begin each evening at 7:00 o'clock, August 24 to 29.

The speaker will be Rev. Herschel Benton, former pastor of Park City Baptist Church.

Where The Boys Are

U.S. AIR FORCES, Thailand—Airman First Class Donald C. Elwood, son of Mr. and Mrs. Russell J. Elwood of Wilmet, Wis., is on duty at Nakhon Phanom Royal Thai AFB, Thailand.

Airman Elwood, a personnel specialist, is assigned to a unit of the Pacific Air Forces. He previously served at Wurtsmith AFB, Mich.

The airman, a graduate of Wilmet Union High School, attended Wisconsin State University at Platteville.

Airman George A. Corris

SAN ANTONIO, Tex.—Airman George A. Corris, son of Mr. and Mrs. Merrill A. Corris, Rt. 2, Antioch, Ill., has completed basic training at Lackland AFB, Tex. He has been assigned to Lowry AFB, Colo., for training in the munitions and weapons maintenance field. Airman Corris is a 1966 graduate of Antioch High School.

'Doing For Others' Twins Club Project

Doing-for-others will be the project this month for the Lake County Mothers of Twins Club. Members will participate in making "tray favors" to be donated to a local nursery home.

The meeting will be held at the home of Mrs. Cecil Floyd, 1428 Fulton, Winthrop Harbor on Thursday, Aug. 21; at 8 p.m. Hostesses for the evening will be Mrs. Hal Engel, Mrs. William Isaacson and Mrs. James Wightman.

It's easy to place a classified—Just dial 395-4111.

Miss Smith

Engagement Announced

Mr. and Mrs. John J. Smith of Felter's Subdivision, Antioch, announce the engagement of their daughter, Cathy Ann to LM3 Donald Downing of Ostrander, Ohio. Mr. Downing is now serving his overseas duty on the U.S.S. Repose hospital ship near DaNang, Vietnam.

Miss Smith is a graduate of Holy Child High School and will graduate in June from St. Anne's School of Nursing, Chicago.

A Feb. 28th wedding is planned.

Episcopal Women To Aid Indians

Now and during the month of September, the Women of St. Ignace Episcopal Church area are in the process of collecting clothing, canned foods, baby foods, etc., for the American Indian Work Council.

The American Indian Work Council, directed by Rev. Father Peter J. Powell, is the voice of St. Augustine's Center among Episcopal Church Women of the diocese of Chicago.

If anyone has such items and would like to donate them, please bring them to the church or call 395-3513 for pick-up. These women feel that this is a very worthwhile cause and would appreciate any donations.

Charmaine Describes Girl's State

By Del Jahneke

Although nearly two months have passed since Charmaine Daniel attended Girl's State, held at MacMurray College in Jacksonville in late June, she has lost none of her enthusiasm and admiration for this week-long program.

Girl's State, a nation-wide project in all fifty states, and sponsored by the American Legion Auxiliary, has each state conducting their own program. The purpose of Illinois Girl's State is to provide citizenship training for Illinois high school girls in the

Miss Daniel

Junior Class, giving them an opportunity to live together as self-governing citizens and informing them of their duties, privileges, rights and responsibilities as American citizens so that they may better understand and participate in the functioning of our government.

To accomplish this purpose, a mythical government is set up, patterned on the Illinois form of government, with campaigns and elections of officials of the city, county and state levels. Only girls of high moral caliber and good scholastic standing are selected for this program.

A special honor was accorded Charmaine when she was elected the first mayor of "Phelan City" (the "city" named to honor Mrs. James T. Phelan, State President). Miss Daniel presided at a city board meeting, with such

Co-op Clubs Set Meeting Dates

The regular monthly meeting of the Co-Op Needlecraft Club will be held in Pioneer Hall, 2424 Washington St., (in the basement of the Co-Op Food Center), Waukegan on Monday, Aug. 25, at 7:00 p.m.

Mrs. Elsie Hagen will direct the making of a Steer's Head Barbecue Apron. She requests each one to bring one yard of printed denim and 1/2 yard of plain brown or black broadcloth or Indian-head.

Mrs. S. H. Harter, president, welcomes the public.

The regular monthly meeting of the Co-Op Travel Club will be held in Pioneer Hall, 2424 Washington St., Waukegan, on Tuesday, August 26, at 7:30 p.m.

Mr. Robert Forbes, a Senior Business Education major at Whitewater State University, will show colored slides and relate his experiences while taking a student tour of Russia and Copenhagen in April, '69.

Mrs. Clifford Arlington, president, welcomes the public.

Details of the next excursion of the club will be announced at this meeting. The trip will be to Galena on Saturday, Sept. 13, and will include a paddlewheel boat ride on the Mississippi River. Reservations may be made with Mrs. Margaret Shelton at TR 2-2934 after 6:00 p.m.

dignitaries as Secretary of State Paul Powell and Speaker of the House Ralph Smith in the audience. Since all meetings had to be run strictly by parliamentary procedure, Charmaine frankly admits to being a "little nervous."

She was also elected a precinct committeewoman, as well as being selected by the Girl's State Advisory Board to serve as Sergeant-at-Arms throughout the week. This last named honor gave Miss Daniel the opportunity of escorting distinguished guests and others to the rostrum.

Charmaine was asked to participate in the \$500.00 State President's Scholarship contest, and was one of the five finalists. The winner was a girl from a downstate community.

Charmaine sums up her Girl's State experiences in saying that she has discovered she has a far deeper feeling of patriotism, love and respect for her country, the American flag, and the American "way of life." She plans to attend Western Illinois State University at Macomb, and then enter Loyola University to study law. Afterwards, her ambition is to be active in both law and politics.

The daughter of Mr. and Mrs. Richard Daniel, 484 Lake St., Antioch, Charmaine is 16 years old, and a Junior at Antioch Community High School. She is on the staff of the "Tom-Tom" (school newspaper); a staff member of the "Sequoia" (school year book); the G.A.A.; the Pep Club; and is a school monitor. In her "spare" time she works as a checker at a local grocery store.

With her abilities and ambition, Charmaine Daniel seems destined to be one of our outstanding future citizens.

Mrs. Joseph Horton is the Illinois Girl's State Chairman, and Charmaine Daniel was sponsored by The Antioch American Legion Auxiliary No. 748, to this year's Illinois Girl's State Program.

Something I'd like to ask the State Department: With all these goodwill trips, how come we don't have any?"

Mrs. Vanderkloot To Join Floating Campus In October

Mrs. Elizabeth Vanderkloot of Antioch, daughter of Mrs. Mary Connellus, 423 S. Kenilworth, Oak Park, Ill., has been admitted to the World Campus Afloat program of Chapman College for the fall 1969 semester at sea.

Mrs. Vanderkloot will join 500 other college students representing 200 colleges and universities in nearly all the 50 states on Oct. 9 to board the S.S. RYNDAM in New York harbor for the study-

Miss Vanderkloot

voyage to ports in western Europe, the Mediterranean and South America.

Students carry a regular semester's unit on the shipboard campus. They attend classes six days a week at sea on the vessel which is equipped with classrooms, laboratories, library, art studio and student union.

Ashore the academic program continues with pre-arranged lectures, seminars and field trips directly related to course work. Overnight homestays with families often are arranged, as are social events with local university students.

Now in its fifth year, World Campus Afloat is administered by Chapman College, one of California's oldest liberal arts institutions, located in Orange, California, near Los Angeles.

Church Picnic Set For Aug. 24

St. Stephen Lutheran Church, Route 59 and Hillside Avenue, Antioch, will hold its annual congregational picnic at Camp Alpine, Sunday, August 24.

Morning worship will be conducted at the Camp's Chapel at 10 a.m.

All members and friends of the church are invited to attend the morning worship and share in the potluck picnic lunch to be served following the worship service and to participate in the organized recreation under the directorship of James Lienhardt, 627 Highland Avenue, Antioch.

Each person should bring his own lunch, table service and coffee. Ice cream and pop will be available at a stand at the Camp.

Two From Antioch Attend Workshop

Chip Gross and Mike O'Neill, of Antioch High School, have recently completed a workshop in leadership training at Monticello College, Godfrey, Ill.

Approximately 200 students representing 112 high schools throughout the state attended the workshop.

Garden Club Prepares For Luncheon

The next few days will be busy ones for the Antioch Garden Club members as they make final preparations for their annual Salad Luncheon and Card Party to be held Monday, August 25, in the Antioch Savings and Loan building beginning at 12:30 p.m.

Mrs. Clarence Spiering, President, reports that members are enthusiastic over the progress made by the ticket committee.

So if you are interested in joining this fun group, a call to either Mrs. Peter Lakowski, chairman, 395-1688, or Mrs. Clarence Spiering, president, 395-0587, will be your passport to an entertaining afternoon on August 25th.

Eight New Teachers

(Continued from page one)

Miss Mary Lehman, Girls' P.E., Southern Illinois University.

Willis Parker, English, Trinity College.

Gerald Sandberg, Boys' P.E. and Driver Education, Northern Illinois University.

Charles Cuppell, Physics and Physical Science, MacMurray College.

The teachers will be welcomed at 9 a.m. and participate in a program up to 11:15 when they will take a bus tour of the areas that "feed" into the Antioch high school system.

They will then have luncheon at the Arbor.

Afternoon sessions will consist of a question and answer period and a rundown on the community by lay citizens. A social hour will follow with the Parent-Teacher Association and the day will be climaxed by dinner at George Diamond's Country Club.

The board also announced that registration for students will begin on Monday, Aug. 25 with freshmen scheduled for that day between the hours of 8 a.m. to 3 p.m.

On Tuesday, Aug. 26, Sophomores will register from 8 a.m. to 3 p.m.; Wednesday, Aug. 27, Juniors will register from 8 a.m. to 2 p.m., and on Thursday, Aug. 28, Seniors will register from 8 a.m. to 2 p.m.

Fees will be payable at the time of registration.

School will open on Sept. 2 for Freshmen only and a full class schedule for all students will be in effect beginning Thursday, Sept. 4.

CLC Offers...

(Continued from page one)

programs appear at the College's temporary offices in the St. Therese Nursing School, 2615 West Washington, Waukegan, between 6:30 and 9:00 p.m. according to the following schedule:

Thursday, Aug. 21—Persons whose last names begin with A through E.

Friday, Aug. 22—Persons whose last names begin with F through L.

Monday, Aug. 25—Persons whose last names begin with M through R.

Tuesday, Aug. 26—Persons whose last names begin with S through Z.

Students who cannot attend according to the schedule may appear at the office on one of the other three scheduled evenings listed above. A representative of the College will be available each evening to assist in evaluating completed work and planning individual programs.

Seitz advises that these meetings are scheduled for the purpose of aiding in the transfer of individual programs to the College and does not take the place of final registration. Students will be required to register on campus in September according to the schedule released by the College.

Fun with food

By Mary Reynolds

No one knows who first discovered how to make syrup and sugar from the sap of the maple tree, since both were well-established items of barter in the Northeast when the settlers arrived. Since that time, maple and sugar cane blended syrups have become a food favorite from coast to coast.

Hearty Vermont Goodness

Today, most homemakers associate maple-blended syrup with the state of Vermont and hearty New England goodness. In fact, the smiling face of a country-fresh Vermont girl... the trademark of a leading syrup producer... has become a popular symbol for maple-rich syrup. (English) For the first time in almost half a century, she's been given a new look which includes a change in makeup, hair style and hair color. Like many of her female contemporaries, she's become a blonde!

Breakfast Hints

Take a cue from the hearty Vermonters and add a spark to breakfast by topping white, raisin or whole wheat toast with warm or cold syrup. It takes no more time than buttering bread, and the resulting "Vermont Toast" is something special. Breakfast pancakes take on a company look when syrup is mixed with fresh or thawed frozen strawberry halves. And for Sunday brunch a la mode, splash syrup over waffles and ice cream. Finally, try using the syrup in place of sugar with hot cereal... sliced fresh oranges... even in your coffee. You'll find it adds a rich maple taste as it sweetens... a pleasant plus.

Call 395-4111 to place a Society or News Item.

Allendale Sets Sept. Rummage Sale

The Allendale School for Boys House Parent Association will sponsor a Rummage and Silent Auction Sale, Saturday and Sunday, September 13 and 14, from 10 a.m. to 4 p.m.

Proceeds will be used for the printing and publishing of the School Year Book and all recreational projects for the boys, as sponsored by the Association.

Please notify Mrs. Jean Hain, Chairman, at EL 6-5683 and Mary Tromphold of Cramer Cottage, if you have articles to donate. The school will arrange to pick up the items.

Memorial Mass For Lt. Anton Graham

A Memorial Mass will be said at St. Peter's Catholic Church, Antioch, on Friday, Aug. 29, for Lt. Anton J. Graham who was killed in action 25 years ago in the battle for Brest, France, while leading Co. 1, 9th Infantry, Second Division.

Lt. Graham was the son of Mr. and Mrs. Richey V. Graham, of Park Avenue and Channel Lake. He was the grandson of the late Anton J. Cermak, former mayor of Chicago.

College veterans who did not return a Certification of Attendance card to the VA at the end of the semester last—une should do so now if they want to start receiving checks when they return to college this fall.

A bookstore received this request by mail: "Please send me the name of a book on hygiene. I'm afraid I have it."

Television Workshop Scheduled

To promote more effective utilization of instructional television in the classroom, CAST (Chicago Area School Television, Inc.) is sponsoring a one-week intensive television workshop to be held this week, August 18-22 at Notre Dame High School, DeKalb. Participants are teachers and administrators from parochial and public schools of the Chicago area who are members of CAST, Inc.

The workshop will feature sessions in utilization, script writing, TV graphics, camera techniques, studio lighting, operation and care of the video tape recorder, video switching and the audio board.

Highlights of the week will include the keynote address given by Dr. Richard Bell, corporate education counsel of Ampex and past executive director of the International Division of the NAEP. His topic is "Teachers and Television: New Roles for Each." Also, Mr. John Rugg, nationally known television teacher/producer from Denver, Colo., will conduct two sessions with the teachers, "A TV Teacher Looks at Instructional Television" and Tasks Facing a TV Teacher.

Sister Mary Helene, S.N.D., ITV Co-ordinator of Notre Dame High School and the DeKalb Public Schools, is the Workshop Director. Other members of the staff include Jacqueline Wolff, Workshop Co-ordinator, CAST, Inc.; Sister Gilmory, S.N.D., and Frank Hopper, Graphic Specialists; Marjorie Hopper, Executive Director of CAST, Inc.; Dr. Clair Tettemer, Director of Communications Services, N.I.U.; and Robert W. Brown, Staff Engineer, WNDK.

Following the workshop training, it is hoped that teachers will return to their schools with a greater understanding of TV and its great potential as another "tool" in the classroom. This teacher would become the official ITV co-ordinator and be responsible for assisting other classroom teachers in more effective utilization of CAST programming. The workshop will also aid those schools who have purchased closed-circuit TV equipment. By emphasizing production techniques as well as utilization, these schools will be better prepared to use their studio equipment properly.

The Old Timer

"Politics is the fine art of passing the buck—after passing the hat."

ACHS Board Bid Opening Set For Oct. 1

Bids will be opened on Oct. 1 by the Antioch High School Board of Education on a new addition to be financed by a \$2.6 million bond issue.

The bonds were approved last year by high school district voters.

The board has approved the blueprints and specifications for the addition, prepared by the school's architect, Gilbert Johnson of Rockford.

It will include an academic wing, student commons, resource center, a gymnasium and a new fine arts wing.

Other parts of the building will be remodeled with the remainder of the bond issue not used.

The board also voted to pay \$5,530 for repair to a 40-foot chimney damaged extensively several weeks ago by lightning.

Lake Villa School Will Hit Schedule

The Lake Villa Grade School Board of Education was assured that its new intermediate school will be completed by the opening date of the school term on Sept. 2.

Several rooms still need plastering but no delay will occur, according to Charles Vandere of the Waukegan architect firm of Anderson, Rehder and Vandere.

Several teacher contracts were approved but teachers are still needed for grades 2, 4 and 5, upper grade vocal music, science, and language arts.

A tentative school budget was approved and a public hearing will be held on it at 8 p.m. on Sept. 16.

THE ANTIOCH NEWS—6

Village Fathers Trim LL Managers

It was fun at the old ball park when the Village Fathers took on the Little League managers in a 16-inch softball game at the Antioch Little League field on Aug. 16 at 7 p.m.

After a perfect first inning on both sides, the Village Fathers broke out in the 2nd when Sneaky Scotty Lowe hit a home run with no one on followed by one by Moose (Jim) Krieger with two on.

After another unsuccessful inning by the managers the Fathers came back when Shorty (Art) McIrdirk, Jr., hit a homer followed by a second homer by Sneaky Lowe, both with nobody on.

The Managers had another scoreless inning in the 3rd but in the 4th the Fathers came up with 2 more runs when George Boyd clobbered a homer with one on. The Fathers also brought in some bullpen help as Marvelous (Marilyn) Sterbenz took over the pitching chores.

Big Bad (Bernie) Gutowski picked one of her curves and socked it over the fence with Bob Caldwell on base and the Managers got their first 2 runs.

After an unsuccessful fifth for the Fathers, the Managers came

to bat and Fatso (Rich) Behrens hit another homer for the Managers and picked up 2 more runs on errors.

The Fathers came to bat in the sixth and "Swiftly" Sterbenz, with her great speed, beat out an infield hit and advanced to third on a 2-base error but was caught off third base by Randy (Phil) Lindberg to Fergie (Dick) Kessler.

The Managers came to bat with grim determination in the seventh, loaded the bases and Dick (Fergie) Kessler hit one out of the park to put the Managers ahead 10 to 9.

In the eighth the Fathers surged ahead on homers by two of their sluggers and they added three more finishing the game. The final score was the Village Fathers 14, Managers 10.

It was fun for all and there is talk of another game.

Injuries were received by Jim Cathey who hurt his knee and Marilyn Sterbenz got a big finger and about 33 muscle-sore baseball players.

The Antioch Little League would like to thank all who participated in the game making it a great success.

Little League Action

The Yankees beat out the Cubs Monday, Aug. 11, in a Little League playoff game by a score of 8 to 3.

Mark Andrews chalked up the win while the loss went to Mike Witt.

On Tuesday, Aug. 12 the Pirates swamped the Cardinals by an 18 to 6 score with Jim Shostak getting the win and contributing two home runs to his own cause.

Other homers in the game included those by Eislinger and another by Erickson. Schmidt, who was relieved in the second inning, took the loss.

In another playoff game on Wednesday, Aug. 13, the Yankees buried the Cubs by an 11 to 1 score. The winning pitcher, Russ Albano, hit a grand slam home run to further his efforts while Mitch Witt took the loss.

Golf Outing Set For McHenry Club

Pulls and pipes, divots and drains will share the conversation spotlight at the annual golf outing of the Plumbing and Heating Contractors Association of Lake and McHenry Counties, Thursday, Aug. 28, at McHenry Country Club.

More than 200 members and guests are expected to attend the outing, according to James Althoff, of McHenry, and Jim DiPietro, of Deerfield, co-chairmen of the Golf Committee.

Included among the guests will be area legislators, suppliers, representatives of the Illinois Department of Registration and Education, and representatives of state and national associations.

Trophies will be awarded for top scorers among the members and the guests.

Following dinner and the awarding of prizes, music for dancing will be provided by Jack Maynard and his orchestra with Charlie Agnew.

The muskrat is a close relative of the meadow mouse.

Rain Out Producing Point Battle

WILMOT, Wis.—Rain at the Kenosha County Speedway in Wilmot on Saturday night only helped to put the squeeze on the leading contenders for this year's modified stock car championship. Actually, Roger Otto, defending Champion and point leader, was hoping to stretch his point lead with a new engine he has installed in his Pontiac powered modified. At the same time, Bill Bohn of Kenosha has his best chance for the number one spot. He is only 29 points behind Otto with only three nights of racing remaining. The point spread is so tight that any one of the top seven could win the championship. Only 67 points separate Denny McKay of Elgin and Otto and McKay is in the 7th place in standings. Ron Bergsma of the Plymouth Pusher, from Richmond is the only driver that is not counting on new and fresh equipment for the final three nights.

Bergsma uses a carburated Hemi and with his recent win in the feature event contends that he has found the combination that will keep the pressure on both Bohn and Otto.

Otto is the only previous Champion among the top ten and this fact alone puts extra pressure on the number one man because each driver is out to make the most of the remaining races to name the Champion.

There will be no double points points as awarded last year that lost the Championship for Whitey Harris when his car failed in the final feature of the year. This year the Championship race will be held on Saturday night, Aug. 31 with Sept. 6 being held as a rain date. Points earned on the Sept. 6 date will however count toward the Championship and so while the 50 lap Championship race is slated for August 31, the Champion can not be named until the Sept. 6 date. Also on the Sept. 6 date, if not needed for a rain date, will a super-windup program topped off by a 30 car-30 lap Spectator race. Anyone interested in getting their automobile into this spectator car race should sign up early. Only the first 30 entrants will be assured of a starting position.

Point leader in the Sportsman's group, Chuck Chadwick is also being pressured by runner-up Dave Zilmer who is only 13 points out of first place.

As soon as a serviceman is discharged he should obtain his Certificate of Eligibility from the VA if he intends to take advantage of educational or on-the-job training benefits under the G. I. Bill.

Wounded Viet-Nam veterans evacuated to military hospitals in the U. S. can expect a visit from a VA contact representative to advise them of their G.I. Bill benefits.

Rodeo Set For August

Tickets are now on sale for the first annual Westosha Kiwanis Club Rodeo scheduled for Friday, Saturday, and Sunday, August 29, 30 and 31st.

The Friday and Saturday performances begin at 8 p.m. while the Sunday program gets underway at 2 p.m.

Tickets are available from any Westosha Kiwanis Club, Salem, Wis., and enclosing a check or money order for the amount of tickets desired.

If purchased ahead of time, ticket prices are \$1.50 for adults and 50c for each child. At the door the prices are \$2.00 for adults, and 75c for children.

The rodeo will be held at the Bar-H rodeo grounds just south of Salem, Wis., on highway 83. Some of the rodeo's highlights include bareback bone brone riding, saddle brone riding, wild Brahma bull riding, cowboy's calf roping, steer wrestling, and a cowgirls barrel race. The Westosha Kiwanis Club promises an exciting time for all regardless of age.

There will be plenty of free parking and refreshments will be available on the grounds. In addition, exciting prizes will be given away during the three performances.

Potter Takes Feature

Lake Geneva, Wis., Aug. 17 — Claude Potter, a Genoa City "hard on the throttle" modified stock car driver, caught Al Schill in the fourth turn on the way to the checkered flag and went around him to take the modified stock car feature win. The finish had the fans on their feet and it had been one of those "up a lot" nights for the fans with not only the fast paced modified finishes but the thrill of seeing the fabulous "Little Red Wagon" driven by Bill "Maverick" Golden, do its famous wheel stand on the strip and oval track.

The feature race was delayed while wreckers unscrambled a tangle between the anxious drivers in the number two turn. Dave Bliss, Jim Sullivan, Bill Kline, Allen Kautz and Jr. Dodd were involved with all but Kautz continuing. Denny McKay set fast time with a 17.13 second run and finished third behind Schill in the feature. Ron Bergsma was next, followed by Ray Dropp, Eddie Loomis, Jr. Dodd, Jim Sullivan, John Arnold and Dave Bliss. Ray Faulkner of Libertyville won the semi and heats were won by Kline, Dropp, Bergsma and Arnold. IRA Champion Roger Otto had the rear end in his car break during time trials and praised the rain out at Wilmot on Saturday night. Had it happened there he could have lost his point lead.

The attendance for the night was good and the races ran smoothly except for the one delay in the feature. Saturday night late model stocks were rained out. Next Saturday night will be Kris night and a "Gold Rush" with thousands of coins on the track will be held for the kids.

Roper Wins 3rd Feature At Waukegan

Bob Roper of Chicago took the lead from Scott Moore of Mundelein with 8 laps to go to win his third consecutive feature race at the Waukegan Speedway Sunday night. Rich Sundling of Chicago took second spot with three laps remaining and Moore finished third.

The best Sunday crowd of the season was on hand for a rough and tumble program full of crashes and close races. Dennis Burgan of Old Mill Creek turned a near record 14.74 lap in the time trials but could do no better than seventh in the feature.

The feature was tight all the way with 15 of the original 16 starters finishing, and 9 were on the same lap with the leader. Only trophy dash winner, Frank Cabrera of Chicago, dropped out after a rear-end failure midway in the race.

Moore, last year's "Rookie of the Year," took the lead on the first lap and opened up a sizeable margin on the field. Ray Young of Dolton moved into the second spot on the fifth lap with Al Hagerty of Libertyville running third right in front of Roper.

Jim Cossman of Waukegan spun in the 21st lap as the contenders closed in on Moore. The cars ran side-by-side in the 22nd lap as Roper snatched the lead with Young nearly moving in front on the outside route.

For the next five laps Young shadowed Roper, nearly sneaking in front on several occasions, but then Young's engine soured again and Sundling, Moore and Hagerty all moved by.

The semi-feature was another close race with six cars running nose-to-tail for most of the race before Paul Craddock of Round Lake took the checkered flag. He was followed closely by Charlie Parker of Lombard and Jim Dietmeyer of Wadsworth.

The hobby stock feature win was awarded to Tom Reuss of Round Lake who actually took the checkered flag second. Chuck Clark of Wauconda finished first, but was later disqualified from the race. Dave Magnus of Lake Villa wound up second and Chuck Chadwick of Barrington was 3rd. The late model stocks will race next Saturday and Sunday nights at the Waukegan Speedway with a 100 lap race scheduled for Sunday night, August 31.

Labor Day To Produce Fast Action

Continuous late afternoon rain races all three nights. Starting day night's scheduled late model super stock car program at the Waukegan Speedway.

The rainout tied the record of 13 postponements in one season which was set just two years ago in 1967. Eleven more race dates are scheduled for this season and just one more rainout will break the record. So far in a season marked by wet weekends, 25 late model race programs and four U.A.R.A. races have been completed.

The Labor Day weekend will be the biggest racing weekend of the season at Waukegan with special races all three nights. Starting on Friday night, Aug. 29, the powerful modifieds will make their first and only appearance of the year on Waukegan's quarter mile asphalt track.

Leading the fuel injected coupes and sedans will be John Reimer of Caledonia, Wis. Reimer, a five-time modified stock car champion at Waukegan, has already wrapped up a title at one asphalt track this year and is top ranked at another clay track.

Over 30 modified stock cars are expected for the program which will also include hobby stock racing. Veteran starter Frank Pinter of Milwaukee will handle the flagging duties on this special night.

On Saturday and Sunday nights the late model super stocks will compete in two championship events. The Saturday night races will be topped with a 50 lap feature and a gigantic fireworks display.

Coming back on Sunday night will be a 100 lap championship feature event, the fifth of the season and the first on a Sunday night. With several other tracks not running on Sunday night, several strong entries are expected from drivers and car owners who do not compete regularly at Waukegan on Saturday nights.

Labor Day Monday night is being held in reserve in case Friday night is rained out. The time trials all three nights will begin at 7 p.m. with the first race going to the starting line one hour later.

A 100 lap race scheduled for Sunday night, August 31.

Racing Series On Through Sept. 28

The fifth in a series of races was run Aug. 15 at Stowe's Hobby Barn with 42 drivers turning out. There are ten races in the series, known as the Certus Summer Spectacular, which rotates between five hobby shops.

They include the Raceway in Niles, Tony's Hobby Lobby, Wheeling, Speedway in Morton Grove, Tom Thumb in Evanston and Stowe's. The last race will be held in Stowe's on Sept. 28.

The race at Stowe's was won by a "Hot Thumb" by Chuck Moran. Moran is the tops in points of the 42 drivers. Other local drivers include Gary Burnett, Jim Burgette, Mike Dufren, Rich Colb and Chris Johnson.

Great American Privilege

Says the Rosholt, S. D., Review: "A friend was griping the other day because some people seem to have everything, while others have to be satisfied with the hindmost, whatever that is supposed to infer. Occasional grumbling or griping is a part of human nature. However, when we grumble that we don't have what we want, we should be thankful that we don't get what we deserve at times."

Baseball Joins The Computer Age

Baseball has come a long way since its early years. With professional baseball now celebrating its Centennial Anniversary, Abner Doubleday, baseball's inventor, would certainly be amazed to see that his game has been computerized.

It was not until 1944 that the first computer was built at Harvard. Since then, great strides have been made in computer technology. By using their knowledge of computers and computer circuitry, Electronic Data Controls, Corp., a prime supplier to the data processing industry, has developed a brand new game for baseball fans - Computer Baseball. Played like a real game, Computer Baseball is programmed to provide the thrills, excitement and suspense of the regular game. The fielding team chooses its pitch and the team at bat decides whether it should hit, steal or whatever other strategy is needed, and the computer works out the results. Each play presents the same percentages and odds involved in actual games.

Computer Baseball is just one of the new computerized games from Electronic Data Controls Corp. Others are Computer Football, which is now in the hands of coaches of all pro football teams; and Computer Basketball and Hockey. Players who apply themselves will find their imagination, skill and ingenuity constantly challenged.

Bowling Winners Display Awards

THE ANTIOCH NEWS—7
THURSDAY, AUGUST 21, 1969

These five fellows carried away trophies. They include, from left, Randy Allen, Kerry Ishmael, Steve Macik, Evan Macik and Don Scott.

Woody Litchford, from left, Paul Litchford and Al Boston, display trophies won in the Antioch Bowling Lanes summer session.

Other winners in summer bowling include, from left, Craig Pierce, Jeff Wegner, Dave Longly, Kerry Shute and Sue Davidson.

NIPC Gets Grant To Study Noise

The Northeastern Illinois Planning Commission confirmed today it has received a federal grant to study and make recommendations concerning the aircraft noise problem around O'Hare field.

Matthew L. Rockwell, executive director of the NIPC, said a \$65,931 grant has been awarded by the Department of Housing and Urban Development (HUD) for a 15-month "Metropolitan Aircraft Noise Abatement Policy Study."

Included will be a detailed investigation of how aircraft noise affects the people living in a 233 square-mile area around O'Hare field and what can be done to lessen the impact of noise upon them, Rockwell said.

The study area includes the Northwest corner of Chicago, and the West and Northwest suburban areas in Cook and DuPage counties.

County Commissioner Floyd T. Fulle, who represents Cook county on the NIPC, has been named chairman of the Aircraft Noise Abatement Technical Advisory Committee.

Fulle's committee will include representatives of Chicago, the affected suburbs, DuPage county, the state of Illinois, O'Hare field, HUD and the Federal Aviation Administration.

Dr. Robert Ducharme, deputy director of the NIPC, will direct the study. Fulle's group will meet regularly to review work of the NIPC staff and to provide technical advice and assistance.

"With the superplanes planned for the future, the indications are that the aircraft noise problem is going to get worse," Fulle said. "While the aircraft industry assures us it's working hard on the problem, it offers little hope of being able to lessen aircraft noise to any appreciable extent in the foreseeable future."

"To be realistic, therefore, we've got to explore other ways to lessen the impact of the overwhelming roar. Modern man and the modern airplane must learn to live together in peace," Fulle said.

"As long as noisy airports seem destined to be essential parts of the 20th century metropolis, it's imperative we try to find ways to avoid perpetual warfare between airports and their neighbors."

Rockwell said the primary purpose of the study is to consider measures that airports and affected communities can take to provide the desired relief from aircraft noise.

He said the causes and growth of the problem will be studied and an effort will be made to determine what impact aircraft noise has had on people's lives and pocketbooks, such as the effect on real estate values.

The possibility of insulating buildings to reduce the impact of noise will be explored along with the feasibility of having airports buy surrounding noise prone land and keeping it vacant as part of the airport property.

Part of the NIPC study, Rockwell said, will be a compilation of all noise complaints made by residents of the area around O'Hare to local police, city officials or to the FAA since 1960.

"Our study isn't going to eliminate the noise problem itself," Rockwell cautioned, "and we don't want people to raise their hopes that the result will be silent flight."

"But we expect to end up with a number of realistic and concrete proposals, both short-range and for the long run, to at least alleviate the severity of the noise problem in the affected area."

The portion of Chicago included in the study area is bounded roughly on the east by California and the south by Diversey parkway.

Among the suburbs in the area are Palatine, Arlington Heights, Rolling Meadows, Mt. Prospect, Elk Grove, Des Plaines, Park Ridge, Niles, Skokie, Morton Grove, Glenview and Northfield.

Also included are: Rosemont, Schiller Park, Franklin Park, Norridge, Harwood Heights, Elmwood Park, Melrose Park, Bloomingdale, Itasca, Wood Dale, Roselle, River Forest, River Grove, Addison, Bensenville, Northlake, Villa Park and Elmhurst.

UPDATING AN OLDIE

Who was that lady I saw you with?

"That was no lady, that was my son."

Number Of GIs Passes 27,000,000

The G.I. roll call passed the 27,000,000 mark today.

In announcing the new total of enrollees, the Veterans Administration said that Vietnam veterans discharged to Aug. 4 raised the ledger count to the highest peak in history.

In reviewing the veteran population, the VA notes that the average age of all 27 million veterans has increased to 44.3 years.

Broken down by wars, the average age of veterans on the active rolls are:

Spanish-American War (6,000 veterans) 90.3 years; World War I (1,647,000) 74.7 years; World War II (14,592,000 veterans) 49.7 years; Korean Conflict (5,847,000 veterans) 40 years; and Vietnam era (3,169,000 veterans) 26.2 years.

Also on the VA rolls are 3,134,000 who served in the Armed Forces between the Korean Conflict and Vietnam. Their average is 30.7 years.

The totals above top 27 million since some veterans served in more than one period.

While most of the nation's veterans population have taken advantage of some rights during the 25-year history of the G.I. Bill, the VA points out, major participation was four million in education and another 7.5 million for on-the-job training.

Millions, including many of those who received education and training benefits, also have received other benefits such as loan guarantees for purchases of homes, businesses and farms, and compensation or pensions.

The VA also points out that Vietnam veterans who did not complete high school have an opportunity veterans of other wars did not, in that the VA will pay them a monthly subsistence while they earn their high school diploma. This does not reduce their entitlement for other educational or training benefits.

Complete information on G.I. Bill benefits is available at any VA office, locations of which are in the white pages of telephone directories.

Call 395-4111 to place a Society or News Item.

Public Works Returns Pre-payments

Prepayments on the Lake County Public Works Department's Northwest Area Project have been returned to property owners. However, Public Works Director Herbert W. (Bill) Byers pointed out this does not mean the project has been scrapped.

Members of the County Board Public Works Committee voted to return the money rather than hold it in escrow after talks began with the Village of Fox Lake concerning the possibility of utilizing the village's sewage treatment plant. Should this occur the county would not construct its own treatment plant on Squaw Creek as originally planned, but would connect to the Fox Lake system.

Also in the works is a request for \$1,000,000 in federal funds to help finance the project. If secured, the federal grant would reduce the cost to property owners.

Byers said it could be another three or four months before any definite is known on how the sewer installation will ultimately be handled. He made it clear, however, that regardless of where treatment is done the system should be constructed to meet the existing need for adequate sewage treatment and for the health, safety and growth of the area. The public works director said plans will be worked out in a manner compatible with the desires and needs of the people.

The prepayment fee, amounting to \$1135, was to cover the individual homeowner's share of the cost to construct the plant, interceptors and local sanitary sewers in the street. Without a prepayment the user would have been charged a hook-up fee of \$475 and billed \$7.50 per month for 25 years to cover the construction cost of the system.

Dubbed the Squaw Creek Project, the area involved is generally on the southeast side of Fox Lake outside the village, lying partly in three townships. Homeowners in the area are now using septic systems to treat raw sewage.

JAMembers To Present TV Special

A television special about Junior Achievement produced by 15 teenagers from a successful JA company will be presented by Commonwealth Edison this Sunday, Aug. 24, at 10:30 p.m. on Channel 5.

The 30-minute color special, which is entitled "Trying on Life," concerns the trials and rewards of running a Junior Achievement Company. Its stars are the 15 youngsters who managed the company.

The JA company which is the subject of the special is "Video 5." It was formed last year at WMAQ to produce a television show and then sell it to a sponsor. To finance the venture, the youngsters sold shares of stock like any other reputable corporation.

"Trying on Life," sponsored by Commonwealth Edison Company is the result of their efforts. The film focuses on the seven months that Video 5 operated. Host of the special will be Ed Grennan, moderator of the popular TV program "It's Academic." Also appearing will be newscaster Jorie Lueloff, and sportscaster Bob Smith.

3 Factors Aid In Safe Driving

Like any other skill, safe driving is the result of proper education, training and experience, according to the Chicago Motor Club-AAA.

"This is generally acknowledged," said Gerald W. Cavanagh, president of the Chicago Motor Club. "So what is to be gained by vilifying drivers, or implying that the majority of them should be kept off the road whether it be Labor Day or any other time?"

"Most drivers are good drivers. It is the exception that is remembered—the careless or poorly trained driver who makes the headlines," Cavanagh said.

In pointing out the good driving habits of most motorists, Cavanagh emphasized there still is room for improvement.

"Perfection in driving is not easy to come by, and many drivers have flaws—small or large—in driving techniques," Cavanagh observed.

With this in mind, he said, every driver should make an effort to drive defensively at all times—not just during holiday periods.

During holidays, however, many people—filled with apprehension generated by predictions of doom—forego use of their free time

to visit friends and relinquish the fun of taking a trip to give their family a break in routine.

"This is unfortunate," Cavanagh said, "but of even more importance is the documented fact that it's needless."

To combat a needless "stay at home" policy that frustrates many motorists, the Chicago Motor Club and other American Automobile Association-affiliated clubs throughout the United States and Canada are engaged in a program called "Bring 'Em Back Alive!"

During this Labor Day holiday, "Bring 'Em Back Alive!" is aimed at helping motorists and pedestrians improve their skills by following these suggestions from the Chicago Motor Club:

—Plan your route in advance.

—Know freeway exits and move to exit lanes in plenty of time to leave the road safely.

—If you anticipate a night away from home, know where you will stay and make reservations in advance.

—Keep seat belts fastened at all times you are in the car.

—Fight highway hypnosis; stop and rest at least every two hours.

—Safety is your responsibility; drive and walk accordingly.

It's easy to place a classified—Just dial 395-4111.

Vets Keep Service Insurance

John B. Naser, manager of the Veterans Administration Regional Office in Chicago, said today that more than half of the 292,000 Illinois veterans who hold \$2,146,999,000 worth of government life insurance have not yet converted these policies from term to a permanent plan.

In 1968, he pointed out, Illinois veterans paid \$32,161,000 in premiums to keep both term and permanent government policies in force.

World War II and Korean Conflict veterans hold most of the term policies, Naser said. Now at an average age of 49.7 years, World War II veterans in Illinois who have not converted their insurance will soon find their National Service Life Insurance premiums going up as a result of advancing age.

Permanent insurance costs more to begin with, but the premium rates for permanent insurance never go up. Permanent policies also have loan, cash-surrender, paid-up and extended insurance values, whereas term policies do not.

Veterans can obtain detailed in-

Central High Lets Four New Contracts

The Central High School Board of Education, Salem, Wis., has awarded four contracts for the coming school year. They include:

Lockwood Oil Co., fuel oil and gasoline; Milk Producer's, Kenosha, milk and cottage cheese; Rural Mutual Insurance Co., Leo Vanderwerff, agent, fleet insurance.

The board also instituted a parking sticker ordinance for all cars to be parked on the grounds during the day.

formation about the various government life insurance permanent plans from their nearest VA office, Naser said.

Law Enforcement

Emerson once stated that "Life is not so short but that there is always time for courtesy." This truism expresses a principle which should be a common virtue among all present-day law enforcement officers.

The enforcement of the law in our country today is not an easy task. Certainly, law enforcement is subjected to more abuse and criticism than ever before. Some citizens not only verbally attack policemen, but they also physically assault them without provocation. While such unwarranted action cannot be condoned the law enforcement officer should not let hostile public reaction affect the manner in which he performs his duty.

One of the complaints law enforcement officials hear repeatedly is that the personal contact between the public and officers on the streets is decreasing. No doubt this is true, but police officials have valid explanations for the decline. Some of the factors involved include the rapid increase of population, the continuing growth of areas to be policed, the lack of manpower, and the obvious advantage of direct, constant communication with motorized patrolmen. Thus, in adopting procedures and changes to meet its obligations in the fight against crime, law enforcement has, out of necessity, but with reluctance, lost some of its valuable personal relationship with the individual citizen. This is why it is so vitally important that every officer be courteous and considerate in the contacts that he does make.

Objectionable traits of one member of a police department can be a serious liability to all members. Arrogance and condescension have no place in law enforcement. If an officer is to uphold the ethics of his profession, he cannot let personal feelings or prejudices influence his actions. As a policeman, he is given a public trust, and the public has every right to expect him to serve all citizens alike, with integrity and honor. After all, the good will and assistance of the public are his most valuable assets.

Departments seeking means to improve their public image should check their courtesy ratings. Courtesy is basic to good public relations. While it may be in danger of becoming a lost art in some segments of our complex society, courtesy must be an ingrained habit of every law enforcement officer. He should always have "time for courtesy."

PMA Proposals Will Get Federal Hearing

Proposals by Pure Milk Association, Chicago, and seven dairy farmer cooperatives headquartered in Wisconsin, to amend the Chicago regional federal milk marketing order will be considered by the U. S. Department of Agriculture at a public hearing at the Pick-Congress Hotel in Chicago, beginning August 20.

Starting August 25, the hearing site will be the Pioneer Inn in Oshkosh, Wis.

The rapidly increasing number of manufacturing milk producers qualifying for Grade A production and other changing patterns in milk marketing the past year necessitate changes in the order, a spokesman for Central Milk Sales Agency said today. The eight cooperatives are all members of CMSA.

Robert J. Van Lier, Salem, Wis., CMSA president, declared that supply plant shipping requirements must be revised and Class I prices increased if the federal order problem is to accomplish its goal of orderly marketing in the Chicago regional area.

Van Lier said that since the Chicago regional order went into effect July 1, last year, producer prices in most months have reached record peaks for the Chicago market. "If farm prices for milk are to be maintained and increased in the future, these changes are imperative," he asserted.

Another answer to dairy farmers holding prices up is for more of them to become part of the standby pool rather than a price-depressing burden on the Chicago pool, he said, adding that midwestern, southern and southeastern dairymen alike can benefit, since the standby reserve milk is needed in the more distant markets during the fall months.

Currently participating in the standby pool program are approximately 80,000 dairy farmer members of Associated Dairymen, Inc., and Great Lakes-Southern Milk, Inc.

Other proposals among those to be considered at the hearing would change pricing zones and re-define reload points.

The other seven CMSA member cooperatives beside Pure Milk Association, which initiated the proposals are:

Alto Cooperative Creamery Co., Antigo Milk Products Cooperative, Central Wisconsin Cooperative Dairies, Consolidated Badger

Preserving The Meaning

People sometimes get impatient with the "checks-and-balances" system of government in the United States. But, time after time, it has proven its worth. A recent instance of this was the near hysterical pressure for gun control legislation following the tragic assassinations in the months before the last presidential election.

In the emotional uproar, millions of law-abiding citizens and their spokesmen were virtually thrown into the same kettle with professional criminals by advocates of police-state regulation of guns. The National Rifle Association, for nearly 100 years a staunch supporter of law, order and the right of citizen gun ownership, was subjected to a campaign of vilification that has few parallels. This happened partly because there was little public knowledge of the great accomplishments of the NRA in safety, police training, conservation and other fields. But, in spite of the hysteria, the worst feature of proposed gun controls were bypassed in the deliberations of Congress. There is greater recognition of the fact that it is criminals that need controlling more than guns. Senate Majority Leader Mike Mansfield has proposed an amendment to the Gun Control Act of 1968. It provides that those using a firearm to commit a crime shall receive a mandatory penalty of 10 years in prison for a first offense and 25 years for a conviction of a second offense.

President Nixon, in advocating both federal and state legislation, has stated, "... Congress should consider immediate legislation providing for a mandatory prison term of substantial duration for any felon who uses a firearm in the commission of a serious federal crime. The fifty states should consider action along identical lines. . . ."

We should give thanks for the delays built into our representative form of government—for the "checks and balances." It takes a little time to find the path of reason leading to policies that will correct abuses and still not destroy the substance of personal responsibility and freedom that give meaning to the very existence of this nation.

Tomorrow Is A New Day

Write it on your heart that every day is the best day in the year.

He is rich who owns the day—and no one owns the day who allows it to be invaded with fret and anxiety.

Finish every day and be done with it. You have done what you could. Some blunders and absurdities no doubt crept in.

Forget them as soon as you can, tomorrow is a new day; begin it well and serenely, with too high a spirit to be cumbered with your old nonsense.

This new day is too dear, with its hopes and invitations, to waste a moment on the yesterday.

Ralph Waldo Emerson

Mathematics

"It has always seemed strange, that we Americans somehow believe that the laws of mathematics do not apply to money and finances when in the area of government. But they do. One plus one still equals two and one from two still leaves one. Arithmetic does not change. There is no magic formula. When the government spends—the money comes from someone—and that someone is you and I. So, we Americans must make up our minds—do we want the cake, or do we want to eat it? —Saulk City, Wis., Star."

Jules Verne

"Surely Jules Verne must be chuckling in his beard, thinking how long it has taken fantasy to become reality. It staggers the imagination when one tries to envision what the next 25 years will bring. The similarities between our spacecraft and Jules Verne's spacecraft of a hundred years ago are fascinating; his vision of the future has been extremely accurate, and one can't help wondering just how this man could envision the future so sharply in detail." —Pine Island, Minn., Record.

FUNERAL NOTICES

MRS. NELLIE P. WOOLNER
Mrs. Nellie P. Woolner, 92 years old of Channel Lake, near Antioch, passed away at 12:05 a.m. Sunday, August 17, at her home on Lake Avenue. She was born June 3, 1877 at Grass Lake near Antioch the daughter of Asa B. Paddock and Ellen Cleveland Paddock. Her first cousin was President Grover Cleveland. She had lived at Fox Lake for several years before moving to Channel Lake.

She and her husband had operated the Paddock Resort on Channel Lake and later had built their own resort known as "Woolner's Resort" on the property near the Paddock property. She married John F. Woolner on June 3, 1903 at Channel Lake and he passed away on March 27, 1959.

She was preceded in death by a half brother, Lynn Paddock, and one sister, Edith Dowell.

Survivors are one son, Donald Woolner, of Channel Lake, one daughter, Mrs. Helen (Glen) Dowell, of Channel Lake, one sister, Mrs. Alberta Rogers, of Camp Lake, Wis., eight grandchildren and 25 great grandchildren.

Funeral services were held at 3 p.m. Tuesday at the Strang Funeral Home in Antioch. Interment was in Grass Lake Cemetery. Friends called at the funeral home after 3 p.m. Monday.

MRS. KAROLINE PACHAY
Mrs. Karoline Pachay, 81 years old of 806 Turner Drive, Antioch, passed away at 3:35 a.m. Sunday, August 17, in Victory Memorial Hospital, Waukegan, Ill. She was born March 4, 1888 in Austria-Hungary and had lived in Antioch for over 50 years. She was a member of St. Peter's Church of Antioch.

Funeral services were held at 1:30 p.m. Saturday at the Strang Funeral Home in Antioch. Rev. Harold Nelson of St. Mark Lutheran Church officiated. Interment was in Liberty Cemetery north of Antioch. Friends called at the funeral home after 5 p.m. Friday.

SUMMER FESTIVAL

Prince of Peace Church is sponsoring its Summer Festival and chicken dinner this weekend. Special features will be a Teen-age dance on Friday evening, Aug. 22; a Square Dance on Saturday, Aug. 23, and the TV Mul-queens will perform on Sunday, Aug. 24, at 2 p.m. The chicken dinner will be served from 1 p.m. to 7 p.m. on Sunday only. The fun will start at 7 p.m. Friday and Saturday, and 1 p.m. on Sunday.

The entire proceeds of the Festival will go toward the Prince of Peace School. A new heating system will be installed.

WOMEN'S CLUB NEWS

Business discussed at the Lindenhurst Women's Club meeting last Thursday was about the updated Directory. Mrs. Louanne Cassidy reported that most of the village had been contacted. Three hundred and nine dollars have been collected so far from persons donating a dollar to have their name, address and phone number in the book. Proceeds will be used to keep up the civic center.

Mrs. Kate Nordness, president, announced that the Lindenhurst Men's Club was sponsoring a Hard Times Dance on Sept. 13. The Eddie Straight Quartet will play from 8 p.m.

Mrs. Judy Cook volunteered to be chairlady of the Spring Dinner-Dance.

Mrs. Helen Myslinski won a fresh floral arrangement donated by Mrs. Joy Manuel. Proceeds will be used to purchase fresh fruit for the wounded servicemen at Great Lakes Naval Hospital when members go there in October.

Dolores Walsh won a terry tablecloth for the attendance prize. Sheila Hanson won a seven piece bowl set when she blew the largest bubble in a bubble gum contest.

Home baked cake, served with hot chocolate and whipped cream were served by hostesses Esther Sokup, Dolores Walsh and Helen Thimley.

The September meeting will be to nominate the 1970 officers.

MAKE CERAMICS

Mrs. Hilda Huntington and Mrs. Alta Henry representatives for the United Methodist Church Women's Organization to Venetian Manor Rest Home on Grand Avenue in Lindenhurst, brought the materials necessary for the women to make ceramics. Mrs. Huntington has her own kiln and fires them for the people. They go there from 6 to 7:15 p.m. and teach between 8 and 10 women.

VA computers are programmed to prepare school checks for the fall semester of 1969 only after Certification of Attendance cards are received from veterans in school or college.

Call 395-4111 to place a Society or News Item.

Church of Antioch. She was preceded in death by her husband, Joseph Pachay March 6, 1939. Survivors are two sons, Carl Pachay, Antioch, and Joseph Pachay, Elmhurst, two daughters, Sister Mary Jolene O.F.S., of Chippewa Falls, Wis., and Mrs. Irene (Robert) Griffin of Antioch, with whom she made her home. Ten grandchildren also survive.

Funeral-mass was held Tuesday at 12 p.m. in St. Peter's church, Antioch. Interment was in Mt. Carmel Cemetery, Antioch.

Friends called at the Strang Funeral Home after 3 p.m. Monday.

HERMAN HESS, SR.

Herman Hess, Sr., 65 years-old of Montello, Wis., passed away Thursday, August 14, 1969 at 5:00 p.m. in the home of his daughter, Mrs. Franklin Crandall at Montello. He was born March 6, 1884 at Fores Park, Ill., and moved to Antioch in 1940, then to Montello, Wis., in 1955.

He was a retired Plumbing Contractor at Forest Park, Ill. He married Grace Slater on May 23, 1917 at Forest Park and she preceded him in death on Aug. 28, 1965. Two brothers also preceded him in death, Rudolph and Robert H. Hess.

Survivors are one son, Herman H. Hess, Jr., of Lake Villa, three daughters, Mrs. Franklin (Laura) Crandall, of Antioch, Mrs. Arthur (Edith Mae) Palenske, of Antioch, and Mrs. Elmer (Betty) Grimm, of Chicago, 7 grandchildren and 4 great-grandchildren.

Funeral services were held at 1:30 p.m. Saturday at the Strang Funeral Home in Antioch. Rev. Harold Nelson of St. Mark Lutheran Church officiated. Interment was in Liberty Cemetery north of Antioch. Friends called at the funeral home after 5 p.m. Friday.

WILLIAM A. STORY

William A. Story, 97 years old of Church St., in Clinton, Wis., passed away at 5:40 a.m. Friday, August 15, at the Caraville Nursing Home near Janesville, Wis.

He was born August 29, 1871 at Antioch, Ill., and had lived at Crystal Falls, Michigan, Janesville, Wis., and Clinton, Wis., for the past 15 years before entering

the nursing home.

He was a farmer, most of his life, and later became a boiler maker. He married Maude Harrison in November 1890 at Salem, Wis., and she passed away in December 1939. He was also preceded in death by three daughters, Mrs. Ida Pielh, Gertrude Story and Ruth Ballwahn as well as by two sons, William A. Story, Jr., and Wesley Story. Survivors are three sons, Ellis J. Story, of Antioch, Charles M. Story, Fox Lake, Wis., and Frank H. Story, Janesville, Wis., one daughter, Mrs. Isabelle Grandy, Garfield, Kansas, 18 grandchildren and many great grandchildren.

Funeral services were held at 1:00 p.m. Monday at the Strang Funeral Home in Antioch. Major Ellis Bollwahn of the Quincy Salvation Army officiated. Interment was in Hickory Union Cemetery near Antioch. Friends called at the funeral home after 2:00 p.m. Sunday.

NORMAN E. LINDBLAD

Norman E. Lindblad, 69 years old of 921 N. Marshall, Milwaukee, Wis., passed away at 5:40 p.m. on Monday, August 18th, in Deaconess Hospital, Milwaukee, after a short illness. He was born July 26, 1900 in Chicago, and had resided in Maywood, Ill., Broadview, Ill., Milwaukee, and Antioch, before moving back to Milwaukee 6 months ago. He retired March 1, 1962 as a tool and dye maker for General Electric Co., where he had been employed for 20 years.

He married Dean Houck on Jan. 25, 1930 at Chicago. Survivors are his wife Dean, two sons, Robert M. Lindblad of Antioch and Ray W. Lindblad of Libertyville, two sisters, Mrs. Connie Fletcher of Lockport, Ill., and Ruby, in California, 7 grandchildren and one great-grandchild.

Funeral services will be held at 1:30 p.m. today (Thursday) at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church will officiate. Interment will be in Home Oak Cemetery, near Antioch. Friends may call at the funeral home after 4 p.m. Wednesday.

Legal Notice

LEGAL PUBLIC NOTICE

Notice of Proposed Changes in Schedule
To Patrons of COMMONWEALTH EDISON COMPANY
Commonwealth Edison Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission on August 15, 1969 proposed changes in its rates, charges, classifications, rules and regulations for electric public utility service in all of the areas in the State of Illinois served by the Company. Such changes involve and would effect a general rate increase, including increases in charges in the rates and riders for residential, commercial, industrial and governmental customers. Certain changes in terms and conditions of service and other provisions of the rate schedules also being proposed.

A copy of the proposed changes in schedules may be inspected by any interested party at any business office of this Company. All parties interested in this matter or who desire further information with respect to these changes may obtain information with respect thereto either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission in Springfield, Illinois 62706.

LEGAL ZONING NOTICE

OF PUBLIC HEARING

Village of Antioch, Illinois

TO WHOM IT MAY CONCERN:

A public hearing will be held in the Village Hall, 874 Main Street, Antioch, Illinois, on Monday, the 8th of September, 1969, at 7:30 p.m., on the following:

Petitioners: Alvin C. Nelson and Margaret A. Nelson, his wife.

Location or address of property involved: 575 Drom Court, Antioch, Illinois.

Legal Description: Parcel 1: County Clerk's Subdivision, commencing at the Southeast corner of W. E. Drom's Subdivision, thence east parallel to the north line of the West 1/4 of the North-east 1/4 of Section 8, 224.6 feet; thence South at right angles to the north line of said West 1/4; Parcel 2: Commencing at the Southeast corner of W. E. Drom's Subdivision; thence South 145 feet; thence East 374.1 feet; thence South 136 feet; thence West 374.1 feet; thence North 136 feet to the place of beginning, in the Village of Antioch, Lake County, Illinois.

Change in Classification Sought: From R-4 Two Family Dwelling District to B-3 Business District (Service and Wholesale), so that the present established business at the property, now being non-conforming under present zoning ordinances, be rezoned to the proper zoning to permit the petitioners to continue the business now being performed.

All persons desiring to appear and be heard for or against said petition may appear at said hearing and be heard thereon.
